On September 5th, Government Autonomous College of Dentistry, Indore hosted a lively and heartfelt Teachers' Day celebration organized by our students. The event began with Principal Dr. Sandhya Jain lighting a lamp for Goddess Saraswati, symbolizing the illumination of knowledge and the dispelling of ignorance. This was followed by her inspiring speech, where she highlighted the invaluable contributions of our educators.

Following Dr. Sandhya Jain, faculty members Dr. Vilas Nevaskar, Dr. Jaya Joshi, and Dr. Ajay Parihar shared their reflections on the pivotal role of teachers in shaping students' futures. Dr. Parihar particularly engaged everyone with an inspiring and fun story that highlighted the broader impact teachers can have on individuals and society.

The celebration was a highlight, featuring a series of impressive performances. Students transformed the venue with creative decorations and presented a video that featured memorable moments of the teachers, bringing back fond memories for everyone. They also delivered an energetic dance, a lively song, and an engaging act that humorously illustrated the journey from first year to final year. The event also included interactive games, such as identifying bollywood movie dialogues and recognizing teachers by their eyes, which added to the excitement. With faculty, PGs, and UG students all in attendance, it was a memorable occasion that showcased creativity and strengthened the sense of unity.

The day was a testament to the deep appreciation students have for their teachers. We extend our heartfelt thanks to everyone who made this event special and celebrate the dedication of our educators who inspire and guide us every day.

Happy Teachers' Day to the outstanding faculty of Government Autonomous College of Dentistry!
